

# Therapeutic Pillow International

Therapeutic Pillow International and Thera-Med have a wide range of products designed to encourage your spine's natural curvature while sitting, resting or sleeping. These postural comfort products diffuse pressure and enhance circulation. 95% of their products are Australian made and all products are treated to inhibit bacteria and allergens.

## Memory Foam

Memory foam (visco elastic) is known for its excellent pressure-dispersion qualities.

*AUSTRALIAN MADE PREMIUM MEMORY FOAM*

## Dura-Fab and Steri-Plus Material Cover Options

Most products in the Thera-Med range offer options of soft and durable Dura-Fab fabric or poly cotton quilting covers.

## Complete Sleeprrr Pillow

Totally adjustable! You can change the height and angle for optimal comfort and support. It's your choice. One size suits most.

### **Pillow Adjustments:**

Features two removable inserts, giving you up to 12 simple adjustment options to create the pillow to suit your postural and comfort needs.

For a softer feel, you also have the option of taking out the surface 'noodle' for softer support.

### **Two Types of Memory Foam:**

We stock the Memory Foam Plus and the Memory Foam Original. Memory Foam Original has a softer feel while the Plus version has a slightly firmer and generally suits people with broader shoulders.

You choose the height to suit yourself

With both inserts in for average physiques

Remove insert/s to adjust to suit

Leave one in for a lower far side

Both out for smaller framed persons

## Naturelle Latex Contoured Pillow

A superb quality luxurious pillow in soft natural latex. Contoured to gently support your neck and cradle your head, in comfort. This pillow will not sag or lose its shape. Latex also contains natural anti-bacterial properties for a more hygienic and healthier sleep.

There are three profile sizes to suit all physiques:

**High:** 14.5cm high side, 12cm low side – suits side sleeping, broader shouldered people, and for those of average build who prefer a higher pillow.

**Medium:** 12cm high, 10.5cm low side – suits average physiques.

**Low:** 10.5cm high side, 9.5cm low side – specially designed for back sleepers.
